

# PPE RESOURCE GUIDE

We are happy to announce: TACC has received a delivery of a limited supply of “NYS Clean” hand sanitizer and face masks. These items will be available to TACC Member Businesses/Organizations as well as area Farmers/Farmers’ Market Vendors and will be distributed (first come-first served) on appointed dates and/or by appointment until the supplies are exhausted. In addition to sanitizer and facemasks the TACC has printed CDC and Politely ADK social-distancing, face mask and hand-washing signage.

The supplies that businesses need, to comply with the various Phases of re-opening during NY on PAUSE, range from disinfectants, to signage, to physical barriers, etc. The following resource list includes suppliers that offer the full range of supplies. And though this resource list is updated weekly, and to the best of our knowledge, it is not comprehensive.

Please contact the TACC if you would like to be added to this list, or if you know of any businesses that could be included in the list.
