ADIRONDACKS:

It is no surprise that the Adirondack Park is such an acclaimed vacation destination - it's a park unlike any other. The Adirondacks span 6 million acres; include over 2,000 miles of designated hiking trails, the highest peaks of New York and countless lakes, rivers and streams. With four beautiful and distinct seasons, the region offers infinite

opportunities for adventure any time of the year.

LAKE CHAMPLAIN:

The Lake Champlain Region is celebrated for 400 years of history and one of the most striking skylines in the Eastern U.S. Often referred to as the 6th Great Lake, Lake Champlain stretches over 120 miles, boasts 600 miles of shoreline as well as 70 islands. Lake Champlain unites historic hamlets along the shore. The region offers scenic mountain hikes, biking on quiet country roads, golf courses and endless water recreation including fishing, boating, swimming, and kayaking. Visit the region's 18th century military forts at Ticonderoga and Crown Point, check out the area museums or just relax and wander down the charming streets. Small Communities with Big Opportunities surround the south end of the lake including Ticonderoga, Hague, and Putnam, NY. Be sure to check out the Lake Champlain Bridge Heritage Area and complete the Quest Map to receive your commemorative Heritage Coin. Once you've answered all of the questions listed on the Quest Guide, return to the Lake Champlain Region Visitor Center next to the Champlain Bridge for your coin.

LAKE GEORGE:

Located in the southern part of the Adirondacks, Lake George is approximately 32 miles long stretching from Lake George Village to Ticonderoga and is nearly 3 miles wide at the widest point. Much of Lake George's shoreline is unsettled and will remain that way due to conservation efforts. The Lake George Region offers access to an abundance of recreational opportunities, scenic beauty and historic sites as well as endless water recreation including fishing, boating, swimming, and kayaking. Small Communities with Big Opportunities surround the north end of the lake including Ticonderoga, Hague, and Putnam, NY.
